## About The Cruise

Imagine 60 passionate volunteers, their special guests and a team of farmers' champions gathered for a fall cruise through Canada and New England to honor the people who make a difference for good in their communities. This is what the 2019 Cabot Community Celebrity cruise is all about. Cabot affords those who have logged hours on Reward Volunteers a unique and fulfilling opportunity to restore their spirits and network among like-minded volunteers. The farm families who own Cabot Creamery are honored to be making this celebration of good possible.
