

# The Fire Service in the United States of America

The first fire company in the United States was founded in **1678**.

The time donated by volunteer firefighters saves localities across the country an estimated **\$46.9 billion** per year.

In **2020** a fire department responded to a fire every **23 seconds**

The number of volunteer firefighters reached a low of

**722,800** in 2019.

The volunteer fire service is an aging population. In communities under 2,500:

Call volume has **tripled** in the last **34** years.

## Volunteers are Often the First Line of Defense During:

- » Fires
- » Emergency Medical Incidents
- » Natural Disasters
- » Vehicle Accidents
- » Hazardous Materials Incidents
- » Terrorist & Active Shooter Events
- » Search and Rescue

## Recruitment and Retention Challenges Include:

- » Time Demands
- » Increased Training Requirements
- » Increasing Call Volume
- » Aging Communities
- » Leadership Problems
- » Internal Conflict
