

## Eligible Items

The State Farm® Good Neighbor Firefighter Safety Program provides grants to fund needed equipment for volunteer fire departments. The below list of equipment items are eligible to fund or purchase with the grant. This list is NOT inclusive of all eligible items but is provided to offer guidance and direction when applying for the grant.

Eligible items include, but are not limited to:

- Drones
- Extrication equipment
- Gas/CO meters
- Hoses, nozzles, and related hardware/parts
- Monitor/defibrillator
- Personal protective equipment, such as turnout coats and pants, particulate hoods, gloves, helmets, and boots
- Radios/communications equipment
- Rapid intervention team packs
- Self-contained breathing apparatus
- Thermal imaging cameras
- Training costs for requested equipment
- Ventilation equipment

The grant may also be used to fulfill a larger equipment purchase. For example, if the department has been raising funds for a new apparatus and needs \$10,000 more, this grant can be used to meet that goal.

The application period will be open from August 1–18, 2024, or until 500 applications are received, whichever comes first. View full program information and apply at [www.nvfc.org/statefarm](http://www.nvfc.org/statefarm).
